To purchase or for further information please contact us at:
hello@knowledgeandskills.co.uk or **info@careernorth.co.uk**

Each programme is delivered as a locked USB stick which can be used with a whiteboard or to print out pages.

Each programme includes,

- Topic based lesson plans, full instructions, a range of multi-sensory, fun activities, differentiated learning goals and reflective questions designed to generate discussion, develop higher level thinking skills and independent learning.
- All activities can be delivered by teachers, tutors or cover supervisors with minimal preparation.
- All topics are structured to comply with Ofsted recommendations for quality teaching and lesson planning.
- All activities comply with best practice on Assessment for and of Learning.
- 50 Topics are included in the KS4 programme and 25 Topics in the KS3 programme.

"My Career Development is a great resource, lots of good ideas and activities to share with staff and learners. My Career Development has given us some great ideas for activities we can do during Citizenship and for all staff to use during 'National Careers Week'".

(Maria Newton | Career Advisor,
Reddish Vale Technology College)

"The 'My Career and Personal Development' package has proved invaluable to the team of teachers teaching PSHE, Citizenship and Careers. It has loads of excellent resources that can be used and adapted for a huge range of lessons, saving you hours of planning time. The students and teachers love the interactive, participative nature of the material, making their lessons interesting, challenging and fun."

(Helen Everett, Chislehurst and Sidcup Grammar)
